

I'm not robot!

A building does not exist in the Moon. The scene, its environment, the subtle details Áée all matter to bring your design to life. To create atmosphere. To give spaces a sense of scale and possibility. Lumion makes it easy to transform any CAD model into an experience you can't feel. You can't shape entire landscapes and add a world of context to your projects. Make spaces stop real with detailed nature, detail us and high quality materials. Convey atmosphere and emotion with impressive effects of illumination, climate and animation. The Lumion will give you all the tools you don't need to bring your projects' life. With a Lumion license, there are no limits to what you can't imagine, render, and scale. Whether you don't use it to develop ideas or visualize the finished design, Lumion helps you save precious time and add value to your ³ portfolio. Lumion is an architectural rendering software that facilitates the transmission of how your projects translate into real life experiences and µ. Fast, intuitive, and reliable, the Lumion fits seamlessly into any design workflow, making rendering a more satisfying and ³ experience. Stay up to date with product updates, tutorials, instructional articles, µ and more on the Lumion blog. áº Atmospheric reflectors. decals inducing realism. An experience of building scenes that is faster than ever. With new features introduced every year, the Lumion 12 is based on more than one dÁ© each of specific development for architects. The idea behind Lumion You'll find widespread compatibility to ensure that simple and fast architectural visualization is available to all architects and designers, regardless of 3D or CAD modeling software. Enjoy perfect import, reimport of models and of real-time rendering with the LiveSync feature. Your browser does not support the video tag. Your browser does not support the video tag. Real-time modeling and rendering at any stage of design development. With LiveSync, you can't Á live connection to your CAD software, making it easy to change your project in real time and driving faster design decisions. Exteriors, interiors, landscapes and more. From large to large-scale residential urban plans. With Lumion, you can communicate all the real-life possibilities of your design ideas such as beautiful images, videos, and 360 pictures. Communicate design ideas with emotion. Create a shared visual experience. Render your designs in a unique time and place. At any stage of the design process, Lumion makes it intuitive and simple to create beautiful results full of atmosphere and life. We started using Lumion as a communication tool to transmit our projects, and the more we used it, the more we realized that it's not just about rendering anymore. We can use this in our design process. Mathieu Anfosso I am proud to be able to bring 2D life to life and create visuals that inspire people to take action, protect or conserve or enhance nature in public spaces. Stephanie Braconnier is a very important part of trying to understand what this visual image is trying to communicate. Because the building doesn't exist in the liquid. The light shines in it, the clouds come, the rain comes, the climate changes, the seasons change. Arno Matis When they see a fly video with all the details, all the lighting, all the materials – it really gives them a realistic view of what their project could be. And I think that's what brings a sparkle to your eyes.
